Product advantages

- ※ Simple installation structure makes the construction process convenient while ensuring stable installation of lighting fixtures
- ※ A slender figure that blends seamlessly with the space
- ※ Adopting energy-saving and environmentally friendly LED light sources, with three color temperatures and multiple lengths to choose from
- ※ More effective light output angle, allowing more light to shine within the effective area, more energy-efficient than fluorescent tubes
- ※ Free of metallic mercury, more environmentally friendly than fluorescent tubes

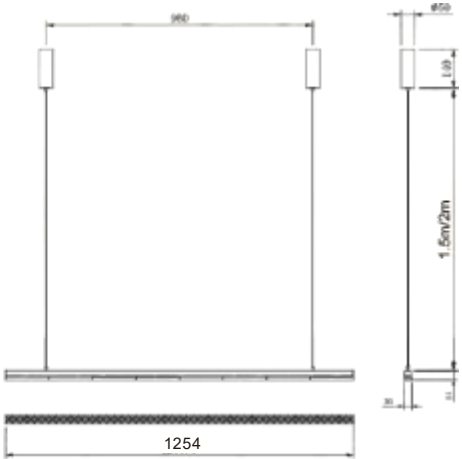

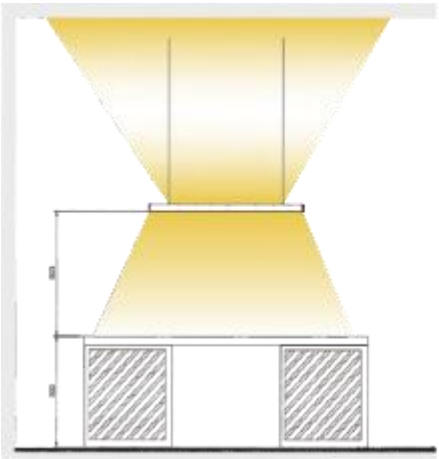

Glaze Series

- Product advantages**
- ※ Simple installation structure makes the construction process convenient while ensuring stable installation of lighting fixtures
